- The students will cover their own expenses for the cultural tour.

academics

KU students usually take one or two courses during summer (3 KU credits is usually –but not always– equal to 6 ECTS). Please note that there may be exceptions in credit equivalency. So, students are responsible for checking the course syllabus and KUSIS during course planning and enrollment to see the ECTS worth of the course.

As Koc University, we provide you with the freedom to take courses from any programs regardless of your major as long as it is also approved by your home university. However, you have to consider the prerequisites and reserved capacity.

seminars

The Koç University Summer Exchange Program promises an intellectually stimulating experience with the inclusion of seminars alongside an array of summer courses.

The students will discover the unique blend of historical exploration, intercultural understanding, and personal well-being through mindfulness. It suggests that participants will not only delve into the captivating history of Istanbul but also actively engage in fostering connections, both with the city's rich cultural tapestry and with themselves. This theme aims for an enriching experience for participants in the Summer Exchange Program.

The details of the seminars (dates, topics etc.) will be announced soon on the OIP website: <https://oip.ku.edu.tr/mobility-programs/incoming/students/summer-exchange/>
